

Krzysztof Andrukiewicz

> Frontend Developer <

+48 883 608 209 • krz.andrukiewicz@gmail.com

A very determined, talented, committed developer and designer with over 14 years of experience in writing websites and 3 years of writing, specifically in ReactJS.

Self taught in basically everything. While following niche developers on Youtube, Udemy etc., he learned how to deliver complex projects through innovative solutions, use of newest features, frameworks and by keeping up with changes that are delivered every day.

Possesses knowledge of technical concepts, architecture, systems, programming methods, which he uses to accelerate project delivery. Feels comfortable in an international environment and speaks English at a level that enables free business communication.
