- InDesign
- TailwindCSS
- Wordpress
- Bootstrap
- Shoper

SOFT SKILLS

- Creativity
- HUGE Attention to detail
- Problem solving
- Patience
- Adaptability
- Communication
- Active learning
- Hard working

EDUCATION

IT Technician

Zespół szkół elektronicznych i informatycznych in Giżycko

I'm a very determined, talented, and committed developer and designer with over 10 years of experience in writing websites, and I've been focusing on ReactJS with Node as a backend for the past 3 years.

I'm self-taught in basically everything. By following niche developers on platforms like YouTube and Udemy, I've learned how to deliver complex projects through innovative solutions, leveraging the newest features, frameworks, and staying up-to-date with the constant changes in the field.

I possess a deep understanding of technical concepts, architecture, systems, and programming methods, which I use to accelerate project delivery.

I feel comfortable working in an international environment and I speak English at a level that enables smooth business communication.

THE SCOPE OF KEY TASKS AND RESPONSIBILITIES

- Management of several projects at once (Fixing bugs, building and testing new functionalities, talking with clients to discuss user interface ideas).
- Developing and implementing highly responsive user interface components.
- Monitoring and improving front-end performance.
- Building backend and frontend using latest and most secure libraries.

THE COURSE OF PROFESSIONAL CAREER

Fullstack Developer at ELO Pokrowce - elopokrowce.pl - 2020-2023

Manufacturer of covers for sails, racing boats and accessories placed in Giżycko, Poland

Highlights:
